**Job Title: System Assembler**

**Location: Valencia, CA**

### **Responsibilities**

A system assembler is required to plumb and assemble -- precisely, neatly, and with organization -- mechanical and plumbing parts into custom automated wet process equipment based upon diagrams. Examples of assembly parts would be pumps, air-operated valves, and pneumatic cylinders.

### **Qualifications**

- Experience working with a wide range of hand tools
- Experience with pneumatics, process piping, and troubleshooting
- Able to read and understand diagrams
- Mechanically inclined
- Experience working independently and with a team
- Good communication skills
- Excellent attention to detail
- Able to travel for field service repairs and/or installations

### **Education**

- 2-year degree or certificate program
- 2 years of experience with industrial equipment helpful
- Safety training a plus

### **Compensation**

- YES offers a stimulating and fun working environment, competitive salaries & benefits, and company stock.

### **Additional Information**

- Applicants must be currently authorized to work in the United States on a full-time basis.
- YES is an equal opportunity employer and values diversity. All employment is decided on the basis of qualifications, merit, and business need.
